The active claims are 1-20 of which 1, 7, 9 and 14 are independent claims.

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claims 1020 are rejected under 35 U.S.C. 103(a) as being unpatentable over Goss (USP 6,236,901) in view of Reichmeyer (USP 6,286,038).

Details of the rejection have already been set forth in the last Office action. The details are incorporated herein by reference thereto.

In the communication filed on 6/26/2006, Applicants contended that Reichmeyer does not disclose a method for manufacturing and providing a computer system to a customer. The Examiner relies on the Goss reference for that teaching. Applicants further contended that no combination of Goss and Reichmeyer shows the elements of claims 1-20. The Examiner disagrees. As set forth in the rejection, the combination of Goss and Reichmeyer shows the elements of claims 1-20. Applicants also argued that "the use of a service directory as a means for remotely configuring a computer system or synchronizing the configuration of a computer system is not shown by either Goss or Reichmeyer. The claims do not recite that the service directory is used as a means for remote configuring. Rather, the claims recite "transferring to the computer network data concerning the service directory of the existing computer network of the customer" for configuring purpose. Reichmeyer teaches exactly that. Reichmeyer teaches Reichmeyer teaching establishing communication between two systems via a network so as to synchronize configuration between the two systems.

The following references are cited for the teaching of "configure before shipment":

1. Henderson et al. (USP 7,085,856) see line 19-21 of column 4,
2. Luu et al. (USP 6,948,165) see line 30-31 of column 4,
3. Stoel et al. (USP 6,343,315) see line 32-34 of column 2.

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

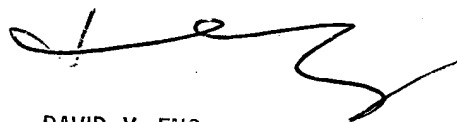

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to **DAVID Y. ENG** whose telephone number is 571-272-3984. The examiner can normally be reached on M-F from 8AM to 3PM.
